Purchasable Democrats who will sell their "enfluence" to the Republican party can learn something to their advantage by applying as above. If de- strument of oppression and corruption; sired, an interview can be had with a involves the unnecessary expenditure of Revenue officer in a still house.

As to our method of doing business, we refer to Mr. W. E. WEBB, Supervisor of the 11th census for the 4th district of North Carolina. He was given this appointment upon a written promise, in the presence of a witness, to lend his influence to the Republican party. He is what Maj. GUTHRIE calls "a purchasable Democrat," and the transaction by which he sold out for a consideration was carried on "through the back door IS EASTERN NORTH CAROLINA of a backwoods revenue office." We also refer to W. H. PULLEY, who is regularly employed to witness all bargains and sales carried on between us and

The accession to the Democratic party | vails. of such men as Maj. WM. A. GUTHRIE, of Durham, is an event not to be underestimated. It shows that the leaven is in the lump and that when the actual evidence of Republican misrule is presented fairly and clearly that other honest Republicans will take the same patriotic course. There has been a steady decadence in the Republican party for several years. It has few men of the ability and character that composed it in the past. Most of the able men have died, and the rest have been silenced or have left the party. "Revenuers"-men armed with authority to buy Democrats with office-have the party completely by the throat. As the result, honest men are leaving it.

MAJ. GUTHRIE's letter has had weight with thoughtful Republicans. Durham Globe has received the following letter from a good Republican:

"Send me some copies of the Globe containing W. A. Guthrie's departure. Brower and his revenue ringsters and census enumerator reinforcements have Republican party, and 'there is no help

## THE STRONGEST ARRAIGNMENT OF THE REPUBLICAN PARTY.

How Indiana was carried for HARRIsom two years and is known of all men. THE CASH PRICE OF CHRONICLE The bener of the State was tarnished, is \$6.00 per year; \$3.00 for 6 months: and the voters debauched. The question as to whether Indiane Democrats would quietly submit to the prostitution of official position thus bought and paid for because the chief recipient was a res-COMMUNICATIONS RELATIVE TO the Business Department of this paper should be addressed The State Chronicle, Raleigh, N. At their State contellegration ident of that State has been answered, vention held a few days ago they gave expression to their sense of the outrage perpetrated by a set of resolutions that are couched in "words that burn."

It is the strongest and ablest arraignment of the Republican administration that we have seen, and coming from the President's own home is particularly significant. We make room for the following extracts which have the true ring:

when we went down in defeat, but not in dishonor, overcome by the shameless methods of Dudleyism and the "blocks-

It strikes down home rule and local selfgovernment; suggests and encourages fraudulent elections, and provides the machinery to accomplish dishonest returns and false certificates of election; fosters sectionalism and bayonet rule where every interest of the people invites to peace, fraternity and unity; outrages the traditions and customs of a century by giving life tenure to partisan returning boards; makes the legislative and executive branches dependent upon the judiciary, and converts the judiciary into an inmillions of the people's money, and in Indiana nullifies the Andrews' election law passed by the Legislature over the determined opposition of the Republicans. We declare that interference of any kind by the Federal Government with State elections is a dangerous menace to the form of government bequeathed us by the framers of the Constitution, and that the intelligence and patriotism of the American people may safely be trusted to remedy any evils that may exist in our elections.

The people of the East owe it to themselves to remove the popular myths of the unhealthfulness of their section. A plain statement of facts will disprove them. A communication in to-day's CHRONICLE shows at least one county is moving in the right direction. At the request of the Board of Health of Pender county, DR. WALTER C. ### FACTS VS. FICTION.

When the Democratic convention in Cabarrus county nominated its ticket the Concord Daily Standard, in a spirit of fun published eariestures of the nominees. It was regarded as a great joke by all; and the Charlotte Democrat, in a spirit of fun, said that the nominees would sue the Standard for \$50,000. These are the facts about a very amusing bit of newspaper pleasan'ry and enter-

CHARLOTTE, N. C., August 28.— [Special ]-Much excitement is manitested over the recent suit that has been entered by the county officers of Cabarrus for \$50,000 against The Daily Standard, of Concord, for libel. Something of a sensational character is thought to be behind this action.

### CONVICT LABOR TO DEFEAT TRUST'S.

The question of the employment of convict labor is at once the most difficult and delicate of all public questions of an industrial nature. Every State leaders in the State and in the nation; has trouble about it, and often serious trouble. The Farmers' Alliance of Texas at their recent State convention passed the following resolution:

This did not suit some, and to calm their fears he said: 'I declare here, flat-footed, that I will support the nominees of this convention, and Williams and Barber. A very flattering vote was given him for the General Assembly which showed that he has a large personal following in old Rockingham.

### LATE NEWS NOTES.

Eight hundred hands are at work in Stanly county on the railroad from Salisbury via Albemarle to Norwood, near the Pee Dee and Rocky River, a distance of 41 miles.

Maj. W. J. Montgomery has a little mint. It is a gold mine, but unlike most of them it is paying splendid profits. He had 108 bushels of ore ground at Reed's mill and he realized \$127 worth of filthy lucre. The expense in its handle from beginning to end was only thirty dollars.

### AN IMPORTANT MATTER.

An Address Upon the Senitary Condition and Resources of North Caro-

[Special Cor. of STATE CHONICLE] BURGAW, N. C., Sept. 1 -At the regular annual maering, held here to-day, of the Pender county Board of Health, Dr. Walter C. Murphy was requested to prepare an address upon the sanitary condition and resources of Eastern North Carolina for gratuitous distribution.

Now for the fiction. The following President of the Pender county Board of Health, is one of the most talented, progressive and best equipped physicians of the State, and is well qualified for the important service thus assigned him by his brother physicians of Pender.

The physicians of this portion of the State feel that immigration to our eastern counties has been prejudiced by incorrect views as to the healthfulness of Eastern North Carolina. This subject, properly presented, will do much to correct prevailing opinions in other sections of our State, and in other States, as to the salubrity of our climate. The amount of our sickness and our bills of mortality will compare favorably with the Piedmont section and more western counties; therefore, let the truth be known as to the MATTER OF OUR EASTERN CLIMATE, as well as of our great natural resources, and a new tide of immigration will set in to our eastern sections.

The Rutherford county Democrats have nominated the following ticket: T J. Jones for the House, J. F. Flack for Clerk of the Superior Court, G. W. Loug for Sheriff, A. Edwards for Register of Deeds, George Biggerstaff for Treasurer, A. B. Martin for Surveyor, and S. H. Hardin for Coroner. A resolution endorsing Senator Vance was unanimously adopted.
